deni®

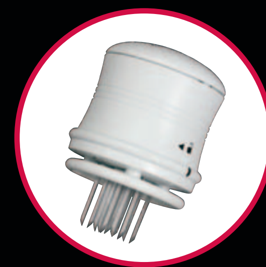

Meat Tenderizer with Spice Carousel

Spices Not Included

Lock and Unlock Safety Feature

16 Razor Sharp Stainless Steel Blades

Reduces Cooking and Marinating Time

Two great products that work together! Deni has combined their 16 blade meat tenderizer with a rotating spice carousel.

The Deni Meat Tenderizer is easy to use and improves the taste and texture of any cut of beef, fish, or poultry. The ergonomically designed meat tenderizer surgically cuts through the connective tissue in meat that cause it to be tough. Quality stainless steel blades do not rip or tear the meat.

Just push the tenderizer over the top of the meat and let the razor sharp blades do the work. By tenderizing, food will marinate faster.

The rotating spice rack includes 6 bottles for your favorite rubs, spices, and herbs. It also includes labels and a convenient position for the meat tenderizer.

FEATURES

Spice Carousel:

- Rotating spice rack with 6 herb/spice bottles
- Includes 36 blank spice bottle labels

Meat Tenderizer:

- SPECIAL LOCK AND UNLOCK SAFETY FEATURE
- Protective plastic cover for storage and safety
